

# Huy Nguyen

WEB DEVELOPER

 0347812100  huydevtr@gmail.com  <https://github.com/huy2302>  Hai Ba Trung, Ha Noi

## OBJECTIVE

My name is Huy Nguyen, a 22-year-old individual who embarked on the journey of programming back in 2021. With a burning passion for coding, I have honed my skills and knowledge in various programming languages and technologies. Now, I am eager to bring my enthusiasm and dedication to your esteemed company as a software developer. Given the opportunity, I am committed to contributing my utmost effort and continuously learning to excel in this role.

DATABASESQL Server, MySQL, MongoDB

ORTHERBusiness Analysis, Three Layer Model, MVC Model, Git, Postman, Hibernate

## PROJECTS

Movie App Server (BackEnd)

( 2024 - 2024 )

Github	<a href="https://github.com/huy2302/java_springboot-movie">https://github.com/huy2302/java_springboot-movie</a>
Description	The server application creates methods to interact with the database via API
Your team size	1
Your position in project	Developer, Business Analyst
Progress	Complete
Technology description	Java Spring Boot, MySQL, Three Layer Model

Movie App (FrontEnd)

( 2024 - 2024 )

Github	<a href="https://github.com/huy2302/react-movie">https://github.com/huy2302/react-movie</a>
Description	Build a movie watching website using ReactJS

<b>Team size</b>	1
<b>Your position in project</b>	Developer
<b>Progress</b>	Complete
<b>Technology description</b>	ReactJS, ViteJS

## FashionShop

( 2022 - 2022 )

<b>Github</b>	<a href="https://github.com/huy2302/fashionShop">https://github.com/huy2302/fashionShop</a>
<b>Description</b>	ASP Classic course project
<b>Team size</b>	1
<b>Your position in project</b>	Developer, Business Analyst
<b>Progress</b>	Complete
<b>Technology description</b>	ASP classic, HTML, CSS, SQL Server

## Lofi

( 2021 - 2021 )

<b>Github</b>	<a href="https://github.com/huy2302/lofi">https://github.com/huy2302/lofi</a>
<b>Description</b>	Clone web lofi.co with main functions
<b>Your team size</b>	1
<b>Product</b>	<a href="https://huy2302.github.io/lofi/">huy2302.github.io/lofi/</a>
<b>Progress</b>	Complete
<b>Technology description</b>	HTML, CSS, Javascript

## FUTURE PLANS

In addition to enhancing my proficiency in Java and PHP programming languages, I am dedicated to deepening my understanding of website architectures and frameworks. Furthermore, I am committed to improving my English language skills. My ultimate objective is to successfully deploy a comprehensive web application, leveraging my expertise in programming languages alongside a strong command of English communication.
